FREQUENTLY ASKED QUESTIONS

GLEN LUSS WEDDING SUITE

- 1. How many people can you fit on the Top Table?

 Maximum of 14. Each round table can fit 6-10 guests with 8 being optimum.
- **2.** How many tables can you fit in the Suite? 9 x rounds and a top maximum.
- 3. What is the capacity of the Glen Luss Suite?

We can seat maximum 80 daytime guests and increase this to between 100-120 guests in total for an evening reception by utilising the Glen Luss Suite and Lounge together.

McMILLAN WEDDING SUITE

- 1. How many people can you fit on the Top Table?

 Maximum of 12. Each round table can fit 8-12 guests with 10 being optimum.
- 2. How many tables can you fit in the Suite?

 12 x rounds and a top comfortably.
- 3. What is the capacity of the McMillan Suite?

We can seat maximum 150 daytime guests and increase this to 200 guests for an evening reception within the McMillan Suite.

If your numbers were less than 120 evening guests, this would give the option of using the Glen Lomond Suite for your full evening reception, if you have more than 120 for the evening the Glen Lomond would be used for a turnaround space after the meal and guests would then return to the McMillan Suite for the evening reception.

4. Would you provide a seat for all of my evening guests?

No, for an evening reception we would move tables aside to clear the dancefloor, and depending on overall numbers would perhaps also remove some tables. We ensure there is plenty of seating available, in our experience we find guests move around and at no point would all guests be sat at tables in the evening and so do not provide 1 seat per person.

Confetti is not permitted indoors. We do allow use of dried flowers / leaves on our patios. Artificial confetti of any kind is not allowed as these items can cause issues with our drainage system and we cannot risk any overspill into the loch. We are monitored regularly by SEPA and must follow the guidelines we are set.

Do you have microphones/speakers and for outdoors?

Yes we have portable Bose sound systems that can be used outside for ceremony music/background music inside/ microphone for speeches - this can link to any device that can be connected via a standard auxiliary cable (bring your adapter if not)- and our suggestion is that you ensure your playlist is downloaded to the device, the device needs to be on flight mode and any passcodes are removed. We can operate the ceremony music for you to ensure things play at the correct point.

Will I have the same Wedding Co-ordinator throughout the lead up to my wedding?

We have a team of 3 Wedding & Events Co-ordinators who can assist with your plans at any stage.

Around 6-8 weeks before your wedding, we aim to assign one main Co-ordinator to support you through to the day. If they're unavailable on the day, another team member will step in and ensure everything runs smoothly.

On the day, you will have a wedding co-ordinator and a toastmaster taking care of you.

Who will handle our wedding décor?

Your Wedding Co-ordinator will be happy to assist with setting up minimal décor on the day. To help us do this efficiently, please ensure:

- All décor is clean, clearly labelled, and as pre-assembled as possible (e.g., one box per table "Table 1 décor", "Table 2 décor", etc.)
- We are unable to assist with chair ties or any structural décor. For these elements, we recommend hiring a professional décor company.
- Place cards must be organised by table please place each table's cards in a separate envelope or bag (e.g., "Table 1 place cards"), clearly marked
